

SOLEM, S.L.

ELECTRICAL INSTALLATIONS

SOLEM develops an important activity in the Shipping sector with numerous installations and tailor-made products for ships made in Galician and Asturian shipyards.

- Generation Switchboards Manufacturing
- Distribution Switchboards manufacturing
- Control Desks Manufacturing
- Bridge and Engine Room Automation

Every work done in the Shipping sector has been certified by Classification societies as: AENOR, Bureau Veritas, Lloyd's Register...

At our facilities we can develop every common activity for an electrical workshop as well as electrical switchboards manufacturing or electrical industrial equipment.

SOLEM have the resources and the staff enough to successfully face up to:

- Control, power or distribution electrical projects
- Cable tray and circuits lay
- Equipment connections
- Electrical switchboards manufacturing
- Electrical systems maintenance
